

The Collected Works of **DOROTHY CROWFOOT HODGKIN**

VOLUME II

CHOLESTEROL, PENICILLIN AND OTHER ANTIBIOTICS
AND
VITAMIN B₁₂

Editors : GG DODSON JP GLUSKER S RAMASESHAN K VENKATESAN

19436

081 HOD-2

Publication of Indian Academy of Sciences

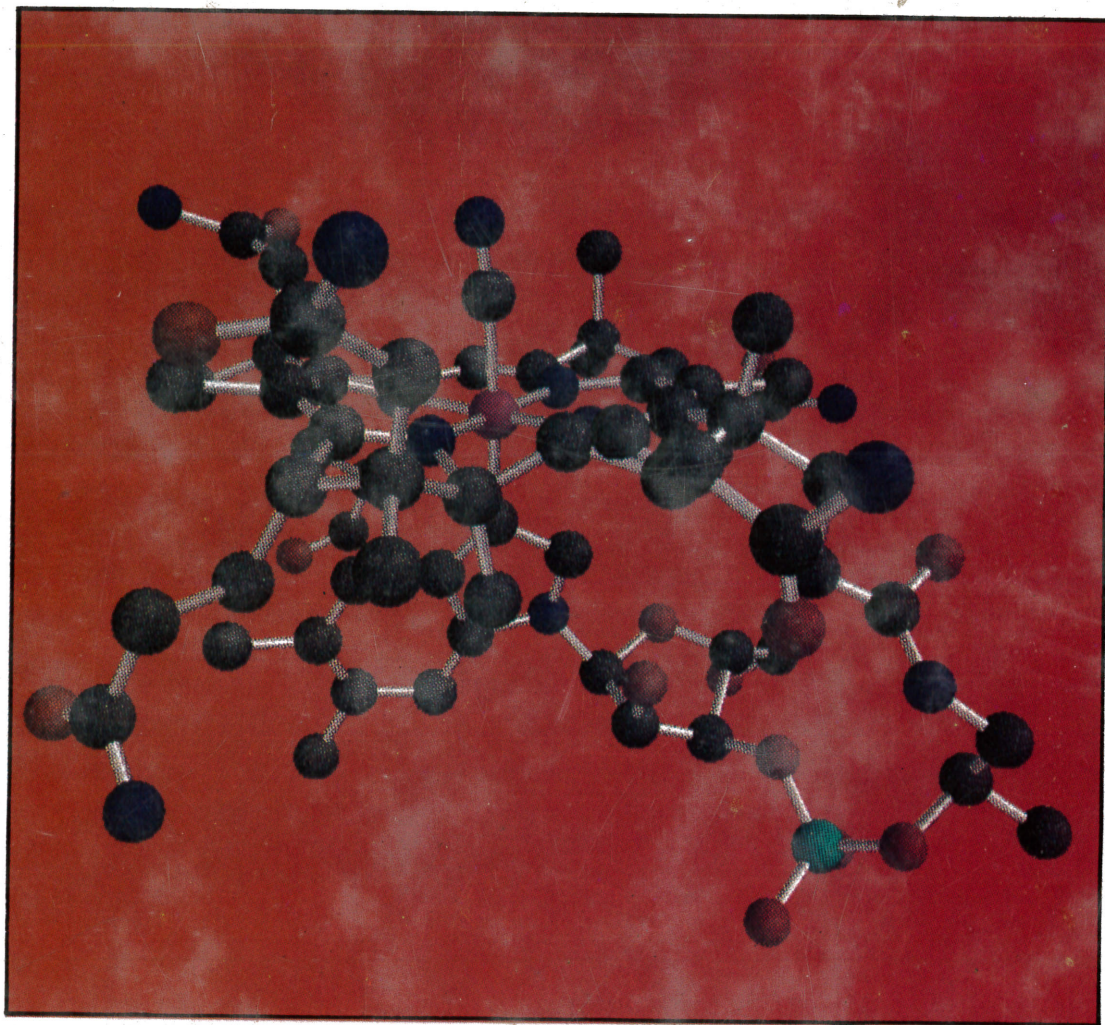

Contents

Foreword <i>G. Srinivasan</i>	v
✓ Dorothy Crowfoot Hodgkin — An introduction to her work and personality <i>J.D. Dunitz</i>	vii
✓ Forty years' friendship with Dorothy <i>Max Perutz</i>	xi
✓ Dorothy Hodgkin and molecular biophysics in Oxford: A fragment of personal history <i>David Phillips</i>	xv
✓ Meetings with Dorothy <i>B.K. Vainshtein</i>	xviii
✓ Dorothy Hodgkin and the Indian connection <i>S. Ramaseshan</i>	xx
✓ Dorothy and insulin crystallographic research in China <i>Dong-cai Liang and Chih-chen Wang</i>	xxviii
Vitamin B ₁₂ and Dorothy <i>Jenny Pickworth Glusker</i>	xxxii
Determination of the structure of penicillin A retrospective: Then and now <i>Barbara W. Low</i>	xlvi
The papers	
1. The molecular shape of calciferol and related substances (<i>Chem. Ind.</i> , 1935, 701–702) <i>J.D. Bernal and D. Crowfoot</i>	1
2. X-ray crystallographic data on the sex hormones, oestrone, androsterone, testosterone and progesterone and related substances (<i>Z. Kristallogr.</i> , <i>Kristallgeom.</i> , 1936, 93 , 464–480) <i>J.D. Bernal and D. Crowfoot</i>	3
3. X-ray crystallography and the chemistry of sterols and sex hormones (<i>Chem. Weekbl.</i> , 1937, 34 , 19–22) <i>D. Crowfoot and J.D. Bernal</i>	20
4. X-ray crystallography and the chemistry of the steroids (<i>Trans. R. Soc.</i> , 1940, A239 , 135–182) <i>J.D. Bernal, Dorothy Crowfoot and I. Fankuchen</i>	25
5. X-ray crystallography and sterol structure (<i>Vitam. Horm.</i> , 1944, 2 , 409–461) <i>Dorothy Crowfoot</i>	73
6. The crystal structure of cholesteryl iodide (<i>Proc. R. Soc.</i> , 1945, A184 , 64–83) <i>C.H. Carlisle and D. Crowfoot</i>	125

7.	Structure of calciferol (<i>Nature</i> , 1948, 162 , 608–609) <i>Dorothy Crowfoot and J.D. Dunitz</i>	146
8.	A crystallographic examination of the structure of lumisterol (<i>J. Chem. Soc.</i> , 1952, 4561–4566) <i>Dorothy Crowfoot Hodgkin and D. Sayre</i>	149
9.	Structure of calciferol (<i>Chem Ind.</i> , 1957, 1148–1149) <i>Dorothy Crowfoot Hodgkin, Monica S. Webster and J.D. Dunitz</i>	155
10.	The X-ray crystallographic determination of the structure of bromomiroestrol (<i>J. Chem. Soc.</i> 1960, 3685–3695) <i>Noel E. Taylor, Dorothy Crowfoot Hodgkin and J.S. Rollett</i>	157
11.	The crystal structure of suprasterol II (<i>Tetrahedron Lett.</i> , 1961, 573–578) <i>Carol P. Saunderson and Dorothy Crowfoot Hodgkin</i>	169
12.	The crystal structure of a calciferol derivative (<i>J. Chem. Soc.</i> , 1963, 4945–4956) <i>Dorothy Crowfoot Hodgkin, Beryl M. Rimmer, J.D. Dunitz and K.N. Trueblood</i>	172
13.	The X-ray crystallographic investigation of the structure of penicillin (<i>Chemistry of Penicillin</i> , 1949, 310–367) <i>D. Crowfoot, C.W. Bunn, B.W. Rogers-Low and A. Turner-Jones</i>	184
14.	The X-ray analysis of the structure of penicillin (<i>Advm. Sci.</i> , 1949, 6 , 85–89) <i>Dorothy Crowfoot Hodgkin</i>	246
15.	The X-ray analysis of the structure of cephalosporin C (<i>Biochem.J.</i> , 1961, 79 , 393–402) <i>Dorothy Crowfoot Hodgkin and E.N. Maslen</i>	252
16.	The crystal structure of phenoxymethylpenicillin (<i>Biochem. J.</i> , 1963, 86 , 514–535) <i>S. Abrahamsson, Dorothy Crowfoot Hodgkin and E.N. Maslen</i>	262
17.	Crystalline modifications of ampicillin I: the trihydrate (<i>Nature</i> , 1968, 220 , 168–170) <i>M.N.G. James, D. Hall and D. C. Hodgkin</i>	284
18.	Crystal and molecular structure of a synthetic compound related to the penicillins and cephalosporins, 3-benzyl 7-t-butyl 2,2-dimethyl-8-oxo-4-thia-1-aza-6 α H-bicyclo (4.2.0) octane-3 β , 7 α - dicarboxylate (<i>J. Chem. Soc., Perkin Trans.1</i> , 1973, 484–488) <i>Kalyani Vijayan, B.F. Anderson and D.C. Hodgkin</i>	287
19.	Crystallographic measurements on the anti-pernicious anaemia factor (<i>Proc. R. Soc.</i> , 1950, B126 , 609–613) <i>Dorothy Hodgkin, M.W. Porter and R.C. Spiller</i>	292
20.	X-ray crystallographic evidence on the structure of vitamin B ₁₂ (<i>Nature</i> , 1954, 174 , 1169–1171) <i>Clara Brink, Dorothy Crowfoot Hodgkin, June Lindsey, Jenny Pickworth, John H. Robertson and John G. White</i>	298
21.	Etude cristallographique par les rayons X de la structure de la vitamine B ₁₂ (<i>Bull. Soc. fr. Miner. Crystallogr.</i> , 1955, 78 , 106–115) <i>Dorothy Crowfoot Hodgkin</i>	300
22.	The crystal structure of the hexacarboxylic acid derived from B ₁₂ and the molecular structure of the vitamin (<i>Nature</i> , 1955, 176 , 325–328) <i>Dorothy Crowfoot Hodgkin, Jenny Pickworth, John H. Robertson, Kenneth N. Trueblood, Richard J. Prosen and John G. White</i>	308

23.	Some observations on the crystal structure of a chlorine-substituted vitamin B ₁₂ (<i>Nature</i> , 1955, 176 , 551-553) <i>M.J. Kamper and Dorothy Crowfoot Hodgkin</i>	313
24.	The structure of vitamin B ₁₂ (<i>Chem. Soc. Spl. Publ.</i> , 1955, 3 , 109-123) <i>Dorothy Crowfoot Hodgkin, A.W. Johnson, and Sir Alexander R. Todd</i>	315
25.	Structure of vitamin B ₁₂ (<i>Nature</i> , 1956, 178 , 64-66) <i>Dorothy Crowfoot Hodgkin, Jennifer Kamper, Maureen Mackay, Jenny Pickworth, Kenneth N. Trueblood and John G. White</i>	326
26.	An outline of the crystallographic investigation of vitamin B ₁₂ (<i>Proc. R. Soc.</i> , 1957, A242 , 228-263) <i>Dorothy Crowfoot Hodgkin, Jennifer Kamper, June Lindsey, Maureen Mackay, Jenny Pickworth, J.H. Robertson and Clara Brink Shoemaker, J.G. White, R.J. Prosen and K.N. Trueblood</i>	329
27.	X-ray analysis and the structure of vitamin B ₁₂ (<i>Fortschr. Chem. Org. Naturst.</i> , 1958, 15 , 167-220) <i>Dorothy Crowfoot Hodgkin</i>	358
28.	The crystal structure of a hexacarboxylic acid obtained by the degradation of vitamin B ₁₂ (<i>Proc. R. Soc.</i> , 1959, A251 , 306-352) <i>Dorothy Crowfoot Hodgkin, Jenny Pickworth, J.H. Robertson, R.J. Prosen, R. A. Sparks and K.N. Trueblood</i>	400
29.	Some observations on the structures of wet and air-dried crystals of vitamin B ₁₂ (<i>Z. Kristallogr. Kristallgeom.</i> , 1960, 113 , 30-43) <i>Dorothy Crowfoot Hodgkin, M.J. Kamper, K.N. Trueblood and J.G. White</i>	443
30.	Structure of the 5, 6-dimethylbenzimidazolylcobamide coenzyme (<i>Nature</i> , 1961, 192 , 937-938) <i>P. Galen Lenhert and Dorothy Crowfoot Hodgkin</i>	457
31.	The X-ray analysis of air-dried crystals of B ₁₂ (<i>Proc. R. Soc.</i> , 1962, A266 , 475-493) <i>Dorothy Crowfoot Hodgkin, June Lindsey, Maureen Mackay and K.N. Trueblood</i>	460
32.	The structure of the air-dried crystals of vitamin B ₁₂ (<i>Proc. R. Soc.</i> , 1962, A266 , 494-517) <i>Dorothy Crowfoot Hodgkin, June Lindsey, R.A. Sparks, K.N. Trueblood and J.G. White</i>	480
33.	The determination of the crystal structure of factor V la (<i>Cryst. Crystal Perfect.</i> , 1963, 237-242) <i>David Dale, Dorothy Crowfoot Hodgkin and K. Venkatesan</i>	505
34.	Vitamin B ₁₂ and the porphyrins (<i>Fed. Proc., Fed. Am. Soc., Exp. Biol.</i> , 1964, 23 , 592-598) <i>Dorothy Crowfoot Hodgkin</i>	512
35.	The structure of crystals of vitamin B ₁₂ grown from and immersed in water (<i>Proc. R. Soc.</i> , 1964, A 278 , 1-26) <i>Clara Brink-Shoemaker, D.W.J. Cruickshank, Dorothy Crowfoot Hodgkin, M Jennifer Kamper and Diana Pilling</i>	519
36.	The structure of the corrin nucleus from X-ray analysis (<i>Proc. R. Soc.</i> , 1965, A 288 , 294-305) <i>Dorothy Crowfoot Hodgkin</i>	542

37.	Postscript (<i>Proc. R. Soc.</i> , 1965, A288 , 359–360) <i>Dorothy Crowfoot Hodgkin</i>	555
38.	The X-ray analysis of complicated molecules (<i>Les Prix Nobel</i> , 1965, 157–178) <i>Dorothy Crowfoot Hodgkin</i>	557
39.	The crystal structure of black nitrosylpentamminecobalt dichloride (<i>J. Chem. Soc.</i> , 1965, 1364–1371) <i>David Dale and Dorothy Crowfoot Hodgkin</i>	580
40.	Crystal and molecular structure from X-ray analysis (<i>Nature</i> , 1967, 214 , 129–133) <i>C.K. Nockolds, S. Ramaseshan, Dorothy Crowfoot Hodgkin, T.N.M. Waters and J.M. Waters</i>	587
	Crystal and molecular structure from Neutron Diffraction Analysis <i>F.M. Moore, B.T.M. Willis and Dorothy Crowfoot Hodgkin</i>	
41.	Vitamin B ₁₂ (<i>Proc. R. Instn. Gt. Br.</i> , 1969, 42 , 377–396) <i>Dorothy Crowfoot Hodgkin</i>	594
42.	Crystal and molecular structure of 8, 12-diethyl - 2, 3, 7, 13, 17, 18 -hexamethylcorrole (<i>J. Chem. Soc.</i> , 1971, 640–645) <i>H.R. Harrison, O.J.R. Hodder and Dorothy Crowfoot Hodgkin</i>	603
43.	The crystal structure of cobyric acid, factor V la (<i>Proc. R. Soc.</i> , 1971, A323 , 455–487) <i>K. Venkatesan, D. Dale, Dorothy Crowfoot Hodgkin, C.E. Nockolds, F.H. Moore and B.H. O'Connor</i>	609
44.	Further refinement of the crystal structure of neovitamin B ₁₂ (<i>J. Chem. Soc., Perkin Trans. 2</i> , 1972, 605–614) <i>Helen Stoeckli-Evans, E. Edmond and Dorothy Crowfoot Hodgkin</i>	642
45.	Crystal and molecular structure of 8, 12-diethyl- 2, 3, 7, 13, 17, 18- hexamethylcorrole hydrobromide (<i>J. Chem. Soc., Perkin Trans. 2</i> , 1974, 977–980) <i>Brian F. Anderson, Tadeusz J. Bartczak and Dorothy Crowfoot Hodgkin</i>	652
46.	The crystal and molecular structure of rac-15-cyano- 1, 2, 2, 7, 7, 12, 12 - heptamethyl corrin hydrochloride, metal free corrin (<i>Helv. Chim. Acta</i> , 1975, 58 , 641–654) <i>Eric D. Edmond and Dorothy Crowfoot-Hodgkin</i>	656
47.	New and old problems in the structure analysis of vitamin B ₁₂ (<i>Vitamin B₁₂</i> , 1979, 19–36) <i>Dorothy Crowfoot Hodgkin</i>	667
48.	X-ray and neutron diffraction studies of the crystal and molecular structure of the predominant monocarboxylic acid obtained by the mild acid hydrolysis of cyanocobalamin: Outline (<i>Proc. Indian Acad. Sci.</i> , 1984, 93 , 195–234) <i>Dorothy Crowfoot Hodgkin</i>	679
	X-ray diffraction studies of air-dried crystals <i>C.E. Nockolds and S. Ramaseshan</i>	
	X-ray diffraction studies of wet crystals <i>Joyce M Waters and T.N.M. Waters</i>	
49.	Neutron diffraction studies of wet crystals (<i>Proc. Indian Acad. Sci.</i> , 1984, 93 , 235–260) <i>F.H. Moore, B.H. O'Connor, B.T.M. Willis and Dorothy Crowfoot Hodgkin</i>	716
50.	The crystal structure of thiostrepton (<i>Acta Crystallogr.</i> , 1969, A25 , S200) <i>B.F. Anderson, Dorothy C. Hodgkin and M.A. Viswamitra</i>	742
51.	The structure of thiostrepton (<i>Nature</i> , 1970, 225 , 233–235) <i>Bryan Anderson, Dorothy Crowfoot Hodgkin and M.A. Viswamitra</i>	743
