CERTIFICATE

This is to certify that the thesis entitled "**Electrochemical Studies of Some Redox Active Biomolecules and Small Organic Molecules on Nanomaterials Modified Surfaces**" submitted by Mr. D. H. Nagaraju, for the award of the degree of DOCTOR OF PHILOSOPHY of Jawaharlal Nehru University, New Delhi, is his original experimental investigation and conclusions. The subject matter of this thesis has not been previously published or submitted to any other university for the award of any other degree or diploma.

DECLARATION

I hereby declare that the entire work embodied in this thesis is the result of the experimental investigation carried out by me independently at Raman Research Institute, Bangalore, under the guidance and supervision of Prof. V. Lakshminarayanan. The experimental work and conclusions presented in this thesis work has not been previously submitted and no part of this thesis work has formed the basis for the award of any other degree, diploma, fellowship, associateship or any other similar title.

Acknowledgements

I am very grateful to my thesis supervisor Prof. V. Lakshminarayanan for his constant guidance, timely support. He had lot of faith in me by introducing me to the fascinating field of research on electrocatalysis of bio and nanomaterials. He gave me lot of freedom and encouragement to do research in this new field. It has been a great pleasure and I really enjoyed working with him.

I thank Prof. Sandeep Kumar for his keen interest in my research work, and also for valuable discussions I had with him. I extend my thanks to Prof. K. A. Suresh for permitting me to use his lab facilities. My sincere thanks to my academic committee members Dr. Pratibha and Dr. B. Ramesh for their valuable suggestions during my annual assessments throughout my research period.

I sincerely acknowledge the encouragement support, skills which I had picked up from Prof. N. Munichandraiah and Prof. S. Ramakrishnan of IPC department, IISc.

I thank my lab seniors, Dr. Suresh, Dr. Ganesh, Mrs. MohanaPriya for giving me friendly support and valuable inputs. It is my pleasant duty to acknowledge my lab mates, Dr. Kavitha and Mr. Jayadevaiah, for their support. My sincere thanks to my lab mate cum batch mate Mr.Rakesh Kumar Pandey for his invaluable helping hands.

I thank liquid crystal synthesis lab friends Mr. Srinivas, Dr. Santanu, Dr. Hari, Mr. Satyam, Mr. Swamy, Mr. Avinash and Mrs. Radhika for their help.

I extend my sincere thanks to Mr.Bharat, Mr.Jayakumar, Mr.Radhakrishnan, Mr.Madhukar ,my coffee lounge friends Mr. Sashi, Mr. Katti, Dr. Sanat, Dr. Rajkumar, Badminton friends and student room friends for their valuable help in both academic as well as non academic fronts.

I thank Mr. Arif, Ms. Antra, Mr. Santosh and Mr. Shabib, Mr. Jatti, Mr. Katti for their help.

I thank all my batchmates Mr. Peeyush, Mr. Ravi, Mr. Arijit, Mr. Nandan, Mrs. Ruta. I thank student room friends Mr. Chaitra Hegde, Mr. Venkat, Ms. Renu, Mr. Rao, Ms. Anagha, Mr. Debashish.

I thank my IISc friends Dr. Suresh, Dr. Shriprakash, Dr. Devaraj, Dr. Shivamurthy, Dr. Dhananjay, Dr. Nonnappa, Mr. Ravishankar, Dr. Girish, Dr. Prasad, Mrs. Bhagya for their encouragement and motivation to do research. I take this opportunity to thank Dr. Snehanshu, Dr. Sujit, Mr. Nupur, Mr. Naik, Dr. Girish, Dr. Nagesh, Dr. G.P, Dr. Geeta, Dr. Animesh, Dr. Abhijit, Dr. Twarita, Mr. Viswanathan, Mr. Ram for their valuable supports.

It is my privilege to acknowledge Mr. N. Ravisankar for his helping hands in the lab, Mr. A. Dhason for fabricating many of the glass apparatus and electrodes, AFM and STM imaging of my samples, Mr. Ram for preparing evaporated gold samples for my experiments and Mr. Mani for constructing various accessories for the experimental setup. My sincere acknowledgement to Mrs. K. N. Vasudha for spectroscopic measurements.

I would like to thank RRI library staff for providing me an excellent, timely and significant help during my research work. The ever smiling library staff would oblige for all our requests including books and journals from other libraries. This is one of the well maintained libraries. I will be failing in my duty if I do not acknowledge the help and support of our secretary Mr. K. Radhakrishna throughout my research work.

Above all I thank all the staff members of SCM group for their help at various stages of my research work. My sincere acknowledgements to various other departments in RRI like Administration, Accounts, Workshop, Electrical, Security, Transport, E&B, canteen, Hostel & clinic for their valuable service in my research carrier.

I am greatly indebted to Raman Research Institute for giving me an opportunity to work for PhD degree.

Finally it is the support, encouragement, patience of my beloved parents, my sisters, brother in laws, my brother, sister in law, my wife and her family made me to finish my Ph.D studies in time.
